TECHNICAL SKILLS

| | | | |
|------------|----------|--------------|------------|
| Javascript | React | Sequelize | SQL |
| NodeJs | Redux | React Native | PostgreSQL |
| Express | HTML/CSS | S3 | Sequelize |

PROJECTS

Breadcrumbs | Developer | React Native, Expo, Three.js, ARKit, Express, S3

<https://expo.io/@hokevins/breadcrumbs> | <https://breadcrumbs.herokuapp.com/>

- Built a React-Native iOS app that allows a user to create or follow a trail of AR breadcrumbs, rendered as 3D floating orbs through your phone's camera.
- Developed models and routes to retrieve data for users and trails.
- Developed components that allow a user to edit a specific trail, as well as developed a component that allows camera usage and uploading an image to S3.

RELEVANT EXPERIENCE

Deloitte Tech Risk Advisory Consultant, San Francisco, CA

September 2015- May 2017

Contract Risk & Compliance - Software Licensing

- Led fast paced software licensing contracts reviews for software-based clients with global customers to identify lost licensing revenue, and reduce the risk between client and 3rd party agreements.
- Led discussions with CIOs, DB Admins, Software and Hardware Asset Managers, and System Admins to have an understanding of a client's IT infrastructure and tools for a thorough review.
- Assisted with the facilitation of data aggregation and analysis using PowerShell scripts and SQL queries to identify lost licensing revenue, and reduce the risk between client and 3rd party agreements.
- Trained and collaborated with new team members to accomplish global software license reviews.
- Assisted with the development and improvement of an internal web application used for third party reviews

Internal Audit - Technology Risk

- Institute of Internal Auditors Presentation: Guest presenter at the annual IIA conference on current trends in social media and audit risk analysis.
- SOX Internal & External Audits: Engaged as the IT specialist supporting financial audit teams and clients, developing client serving skills in a fast paced environment and focusing on detail and management.
- Social Media Internal Audit Assessment: Developed areas of concern and potential risk with social media usage for client.

Deloitte Advisory Intern, San Jose, CA

June 2014 - August 2014

- IT Systems Audit: Client walkthroughs, assisted in documentation preparation of FY14 audit and internal controls testing.
